

# Introduction to MS Web Development

## CIS-236 30 0

Fall Term 2025-2026 School Year Section 30 0 3.00 Credits 08/25/2025 to 12/12/2025  
Modified 08/18/2025

### Course Description

---

This course builds on concepts presented in the CIS 131 C# Programming course by learning how to embed C# code within multi-page web applications. Students will learn how to use server controls, validation controls, master pages, site navigation and themes within ASP.NET/C#. Object-oriented concepts will be used to create multi-tiered applications. Prerequisite: CIS 131, CIS 195

### Course Materials

---
